Earning over one million dollars in a year is many people's dream in Taiwan. However, there are only a few jobs that can help you make the dream come true. Being a food deliveryman is one of them today. Many people believe that it can bring them over one hundred thousand dollars in a month according to some news reports. However, is it true that they can earn a lot?

Let's take the famous food delivery platform for example.

Deliverymen can earn NT\$70 for each order, and they can also get some bonuses if they take many orders. But, if they plan to make one hundred thousand dollars, they must take over a thousand orders without taking any days off in a whole month. Is it possible for you to do that?
